

# BENCHES: EMME BENCH

| Category: [BENCHES](#)

## PRODUCT DESCRIPTION

Designer: **Stéphane Chapelet**

Designed by Stéphane Chapelet, EMME BENCH bed has sinuous and elegant shapes but at the same time with a decidedly modern cut.

Also suitable for new urban contexts, in parks, along the seafront, EMME bench is produced using the combination of steel for the frame and exotic wood for the internal slats.

This product is entirely made in Italy from steel subjected to an electrolytic galvanising cycle and subsequently painted with PP powders with Ral colour of your choice.

The wood used is Iroko or Okumè, treated with natural water-repellent oils resistant to UV rays.

### Dimensions

Height of the seat: **450 mm**

Height: **820 mm**

Length: **1800 mm**

Depth: **450 mm**

Materials: **steel / wood**
