PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

JOEY consists of a 12 cm thick supporting structure in galvanized and painted steel that frames and supports the elements that characterize the use of the product. We have a space for display of A2 format fliers, protected by a 2 two-faced polycarbonate and, below, a roomy ashtray with a cover and a lock with latch.

At the base we find a circular plate in galvanized and painted steel, useful for anchoring the product to the ground.

Overall dimensions: 496 x 120 x h 2000 mm
