

# BENCHES: ARMONIA

| Categories: [BENCHES](#), [URBAN SMART LIVING](#), [URBAN SMART LIVING](#)

## PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

**ARMONIA** is a bench that has a curved geometry, it is realized using light elements, thin but strong, that make up a product aesthetically pure. The wooden slats, which make up the sitting supported by a steel structure, which is closed at the ends with two trapezoidal legs made of steel, and are equipped with holes for anchoring to the ground. Another support leg, also made of steel, is centrally disposed to stiffen the structure. To complete the seat is possible to add one or two optional back, also made of wooden slats.
