PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

A bench that looks like the classic park bench, but with a modern touch; the wave that formed the backrest and the chair, is composed by some zinc coated steel profiles with the same length, but with different thickness (20 mm, 40 mm, 80 mm) in a way to follow the curve and the line of the bench making the chair absolutely comfortable. The steel legs on the extreme sides of the bench close the structure support the profiles and fix the bench.

Overall dimension:

mm 1840x755x805 - altezza seduta mm 405

Materials: [steel](#)
