

BIKE RACKS: MARTY

| Categories: [BIKE RACKS](#), [URBAN SMART LIVING](#), [URBAN SMART LIVING](#)

PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

A single zinc-plated steel foil, laser molded and calendred gives birth to this simple and functional bike rack.

Its shape, that seems bending to accommodate bicycles, is conceived to be all one with the pavement. MARTY is easy to install and long lasting thanks to the workmanship and the highest quality materials used for the production.

Overall dimension:

1490 x 575 x h 290 mm

Materials: [steel](#)
