PEPE is a bollard of multiple possibilities, colourful and playful, or refined with exotic wood heads, or still useful for anchoring a bike thanks to posts above.

A simple cylinder made of galvanized steel and painted by 114 mm diameter, above and below, the colored heads giving life to a product that, despite its simplicity of composition, combines quality and design.

bollard overall dimensions: diam. 115 x h 950 mm

bollard with rings overall dimensions: diam. 115 x h 900 mm
