

RECYCLING BINS: DUO ECO

| Categories: [RECYCLING BINS](#), [ECO DESIGN](#)

PRODUCT DESCRIPTION

An innovative two-section container for waste collection for public places. The revolutionary design of the two-section cover gives an immediate indication of the right place where to throw the various types of recyclables or litter, using colour coding and wording. To avoid contamination, the inside of the bin has two different partitions and two separate bin liner holders. The tapered DUO ECO body allows delivery costs to be kept low. Colours and text can be customised.

This product is entirely made in Italy from steel subjected to an electrolytic galvanising cycle and subsequently painted with PP powders with Ral colour of your choice.
