

TREE GRILLES: QUADROTTI

| Categories: [TREE GRILLES](#), [URBAN SMART LIVING](#), [URBAN SMART LIVING](#)

PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

The tree guards are typical urban design elements. These steel tree guards give an elegant touch and this thanks the original drawings on the surface. These tree guards are circular or square, of different dimensions. It depends on the basement and on the kind of plants the tree guards have to “protect”.

Overall dimension:

- square treeguard dimensions: 980x980 mm; 1200x1200 mm; 1490x1490 mm.
- round treeguard dimensions: diameter 980 mm; 1200 mm; 1490 mm.
- central hole dimensions: diameter 300 mm; 460 mm; 620 mm; 780 mm.
