PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

This flower pot has a simple design. It is composed by 2 thin steel profiles, 3mm thick, folded as a “C” and fixed to each other. In this way, one profile becomes the base and the other one the flower pot. Each element with different color plays its own role in this composition that is available in a big and in a small version.

Dimensioni massime:

big planter: mm 900x450 - altezza mm 700
small planter: mm 450x450 - altezza mm 700

Materials: [stainless steel](#)

Nouveau produit, description en cours de revision.
