

TOTEM: CORNICE

| Catégories : [ABRIS VOYAGEURS / TOTEM](#), [URBAN SMART LIVING](#)

PRODUCT DESCRIPTION

Designer: [GIBILLERO Design](#)

CORNICE NOTICE BOARD is composed of a single structural element in steel, framing the central display and becomes, at the base, a fixing element to the ground. The display is made of aluminum profiles and is provided with a bottom folded sheet and opening panel by means of bolt. Above, contained by the structure, there is a steel plate on which is possible to realize custom written, using laser cutting technology.

Overall dimension:

Dimensions: 880 x 140 x 2200 mm h
Dimensions exposure: 600 x 600 mm

Materials: [steel](#), [Corten™ steel](#)
